# Swimming for My Life

A STROKE SURVIVOR'S STORY

he day after Christmas, 1965, is a day I will never lose. Never will it ever be far from my thoughts and recollection. I was a bright 81/2 year old enjoying the wealth of Christmas gifts and good cheer still ruminating throughout the family home from the festive day before. My mother, being the marvelous cook that she has always been, was in the kitchen, chatting with relatives and

Nov. 15 Meet entries due, for Sandpoint Fall Classic

Nov. 26 Fall Classic Swim Meet at Sandpoint West Athletic Club, Sandpoint ID concocting some delicious meal. What it was, I do not recall, I do remember however the warmth and comfort in the house and indeed, in my life that day.

Suddenly and inexplicably to me, something was not right. I stumbled to my mother's side from where I had been in the living room and announced that I thought I had a headache. She told me to go lie down on the couch, to where she had a direct line of sight from the kitchen. I did as told, and within moments my mother had scooped me in her arms and rushed me upstairs to my parents' bedroom. With a mothers keen instincts, she realized this was serious when she saw me try to get up again, my face (unbeknownst to me) and little frame were not responding to my efforts to get up. I had wanted to tell Mom that I was very quickly going blind. By the time it took me to formulate that urgent thought the whole of my visual world was total darkness. I tried mightily to move, to shout, yell, scream or something but nothing in my body was working as it should.

What was going on?

Mom made the frantic call to our doctor and he met us at the emergency

home. I struggled with every single aspect of life. I was the oldest of three girls and the dynamics of our family certainly changed dramatically. The process of rehabilitation was very slow and arduous. The doctors had given my family little hope for recovery. I was at the time, the youngest individual to have suffered and survived a stroke of that type and magnitude. That I was still alive was miraculous, but now the question was how much would I regain?

While devastating, in time I was able to begin to rebuild my life. One of the delights of my recovery was proving the doctors wrong. For instance when they told my Mom that I shouldn't ride a bicycle because my balance was so bad, I was soon trying my new Christmas bike determined to ride once again.

## BOARD MEETING MINUTES

May 18, 2000 • Plummer Idaho

Minutes were approved from the last Board Meeting.

Treasurer • Marie Glynn reported that the LMSC is breaking even for the year. Potential expenses yet this year include new starting equipment and USMS convention expenses. Meet revenues have been exceeding expenses.

There is \$4824.17 in the checking account and \$500 in savings. She gave us a breakdown of expenditures in graph form. Will be putting some of the funds into CDs on a revolving six-month basis.

Doug reported that he and his family are now folding the newsletters to save money. Doug also reported that his club lost \$27.59 on the Zone/Champs meet due to \$110 not being paid for housing and dinners. He will send an invoice to those folks who still owe. His club will be reimbursed by the LMSC if they do not at least meet their costs. Doug also said that his club was happy with the way the meet went and will consider hosting another meet. (editors note, WSU Masters did not lose money on the Zone Champs Meet).

In addition discussion of the need to provide food at the meets ensued. If food is donated there needs to be thank you note sent to the donor.

Registrar • Elin Zander reported that there are 167 registered swimmers to date. This is more than all of last year. The board also approved spending \$18.50 on a gift for Jackie Benning.

Newsletter • Doug Garcia reported that there is a problem with getting the non-profit status due to the name change of the LMSC. Marie will look into it further. Items from the Montana LMSC will not be included until they take the initiative to send information to Doug as well as pay for their portion of the printing and mailing expenses. Discussion ensued regarding sending the newsletter by e-mail. The option will be included on next year's registration form. Elin will research sorting of database to help the sorting process of those who want the newsletter sent by e-mail versus snail mail.

Top Ten/Data Entry • Margaret reported that Zach Taylor has been doing a good job at data entry. The only problem has been that relay cards have not been adequately filled out before they are sent to Zach. Teams need to be aware of how important this is.

Meets/Sanctions • Elin took the board through problems she had with Sanction packet. Doug will look into making it easier to go through. Changes approved by the board included- payment to be made to hosting team within 10 days, bylaws to be changed to require ribbons for only 1st through 3rd places at meets, changing the split for the extra \$4 for deck entries to \$2 for the hosting team and \$2 to the LMSC, deleting the host team expense sheet, adding the whistle start, and deleting the high point team trophy.

Discussion of next seasons meet schedule took place. There were no team representatives that contacted Elin regarding hosting a meet. Elin will contact them again so that we can schedule meets.

Any new rules will be shown at the beginning of each meet so that swimmers can get used to using them. They will also be added to the Sanction Packet.

Doug will contact a potential replacement for Sanction Chair.

**USMS Convention** • Elin's way is paid this year by USMS. Doug's way will be paid by our LMSC. In the event that he

cannot attend, Marie will go in his place. Doug will also apply to the Zone for monies towards his convention expenses.

Equipment Needs • Margaret reported that the LMSC needs 3 new lap counters at \$40 each and 12 stopwatches at \$20 each. The board approved the purchase of these items.

New starting system • Margaret looked into options for a new starting system. Following discussion of these options the board approved expense of \$675 plus shipping and tax towards a Swimstart Electronics starting system. Chris McKay will purchase this system for the LMSC.

Official Clinic • On hold pending contacting team representatives.

Clinics • Doug will look into having a Nike Champions clinic in Pullman in late October. Another possibility is Clay Evans from Southern California Aquatics.

Coaching • Elin reported that she is still pursuing getting a coach at the new YMCA in the valley and Spokane YMCA.

Other Business • Marie suggested that the dinner for the board meeting be paid for by the LMSC. After discussion of the travel time and costs of board members, this expense was approved.

#### Swimming for My Life, from page 1

I have a way of announcing things at the moment of most impact. While visiting my sister Janet in Maui, I announced that I was going swimming with her. Janet was the founder and coach of the Maui Masters Swim Team. Janet and I drove to the pool in a dumbfounded silence. "I had begun pushing myself far beyond

As a freshman in a high school tumbling class I gave myself simultaneous black eyes, I was humiliated. It convinced me that my two incredibly

athletically gifted sisters were the shining stars, not me. As a consequence, my sisters never really encouraged me athletically, they saw first hand how much it saddened and frustrated me. However to their credit, they never discouraged me from sports.

Masters Swimming to the Rescue

Within a week of being back home in Menlo Park California, I had found a coach and the Menlo Park Masters, which

is just the group I was looking for.

My original goal, was to complete a workout. I had other goals in mind when I called Janet and announced that I was coming back to Maui to participate in the Pan Pacific Swim Meet in June '97. Janet's stunned retort was, "Heidi, get some meets under your belt first!" The next time I talked with her. I informed her that I had indeed gotten a meet under my belt, and was signed up to do an open water swim, and felt I was ready to come to Maui! Had I known what kind of huge international event the Pan Pacs were, I am certain I would have

been far too intimidated to take part in them. I just knew that I wanted to be with Janet at the big event on Maui.

Once there, I met swimmers from all over the world and loved meeting all the people. I was also firmly cementing a terrific friendship with Janet, which previously in our lives had been tenuous at

new swimming experiences!

In August of '97 at the age of 40, I was diagnosed with a level 4 cancer. The news rocked me to the core. I was stunned and shocked. During those seemingly endless months of exams, tests and surgeries, it seemed for me the only place I felt in control of my body and my life was in the pool. Swimming gave me a sense of stability and acted as a rudder for my life

> that once again seemed so tenuous. My workouts quickly became a daily ritual, and the chaos that I felt, became the fuel for me to complete my first "Killer Quad" (a Menlo Park Masters four segment event - one hour swim: 50 x 100's: 75 x 100's and 100 x 100's). My coach Tim and the team were enormously supportive during that time. I recently celebrated one year of being free of cancer!

Last summer. I tentatively tried a few triathlons, and found I loved them. It was fun! This summer I have a few more

The purpose of Strokes for Stroke is to raise awareness and help reduce the incidence of and impact of stroke. You can help by swimming a mile (not for time) and making a contribution to the National Stroke Association.

Information about the program can be found in Swim Magazine, or on-line at www.strokesforstroke.org.

Previously published information indicated the program ran through July 4. Due to the success of the program, United States Masters Swimming and the National Stroke Association have extended the campaign period to September 30.

If you cannot swim the mile by yourself, team up with one or two others to swim the mile and make a donation. DO IT TODAY!

scheduled, as well as open water swims and 5k run/walks. I do what I can and if ever it is no longer fun, I will stop or slow down. I love swimming especially, because it gives me a grace that has eluded me since I was eight. As a child watching my sisters with all their grace and power, only served to make me more determined when my time came. I have a lot of catching up to do, but as long as I am in the water loving the feeling of gracefulness, I will continue to improve.

As I look back on the road I have traveled, I have only the briefest of memories from before my stroke. My life has been so full and rich with certainly a very unique perspective and experiences. Remember that my story began at a time when the modern technological medical age was just beginning to be considered. Everyone did the best they could for me with the tools available at that time. I am eternally grateful to those who struggled with me, both beside me and from afar. Never will I lose that fighting spirit that is so deeply embedded within; life is wonderful!

## **OPEN WATER RESULTS**

SUNDAY JULY 16, 2000 LAKE PEND ORIELLE

The 6th Annual Lake Pend Oreille Long Bridge Swim was held on August 19, with over 218 finishers out of 225 who started the swim.

The youngest participant in the swim was Paulina Gralow (9) of Sandpoint who was the 143rd finisher of the 1.76 mile swim in a time of 1:09:35. The eldest to finish was Bill Odman (81) from Spokane who placed just ahead of Gralow at 142 in a time of 1:09:35.

Among the participants were experienced collegiate to novice swimmers. Participants traveled from as far away as Colorado and California. Eleven participants were age 12 and younger, 48 were between the ages of 12 and 18, and 8 participants were over the age of 60. Ten participants have swam this event for the past 5 years, including Wendy Auld (30), Ron Barrett (47), Mike Boseth (47), Cindy Clutter (40), Bill D'Olier (56), Uriel Fox (42), Phyllis Gutenberger (42), Lynn Moore (43), Briana Staglund (19), and event organizer Eric Ridgway

Ridgway commented, "that with 218 swimmers all completing 1.76 miles, the group swam a total of 383.68 miles on that Saturday morning.

Safety and fun are the two biggest priorities for this event. The focus is on participation, and not so much on how fast you swim. While some participants are college and Olympic trial caliber athletes, most are just swimming for fun and health.

Numerous safety boaters parallel the swimmers along the course to make sure that everyone has a positive experience and swimmers can stop at any time if they wish."

#### From the Editor

With fall rapidly approaching, Inland Northwest Masters has four excellent swimming opportunities upon us. The first is to participate in the Stokes for Stoke campaign. This is an opportunity for you to swim a mile (either alone or with some friends) in the effort to swim around the world with other United States Masters Swimmers. This is not a for time swim it is a DO IT SWIM. Once you have completed the swim, send in your registration form found in *Swim Magazine* or online, and make a donation towards stroke research.

The second will be the Short Course Meters Zone Championships to be held in Federal Way Washington on October 7 and 8. This is a fast pool, and there should be some fast times, look for the regsitration form in this issue.

The third, is a Swim Clinic, to be held in Pullman on October 29. We will be focusing on Breaststroke and Butterfly, with the possibility of some Freestyle depending on time. Our guest Coach is Clay Evans, who brings lots of enthusiasm for the sport where ever he is.

Fourth is our first meet of our short course season to be held in Sandpoint on the November 26.

All these events will be fun, and rewarding, SIGN UP TODAY!

## VIEW FROM THE CHAIR

hope that you all had a relaxing and fun summer, and had the opportunity to enjoy one or more of the swimming events offered in the Inland Northwest. It's already time to be thinking about the short course season. This year we start with the Northwest Zone SCM Championships at the Weyerhaeuser King County Aquatic Center on October 7-8. What a great way to start the season – in a fast pool against even faster competition! Locally, the Sandpoint West Aquatic Club masters will offer us an opportunity to burn off some turkey by hosting their annual "fall classic" on November 26. You will find the entry forms for both meets in this edition of Splashmaster.

Fall also marks the time for the annual meeting of USMS in conjunction with the United States Aquatic Sports (USAS)

convention. Close to two hundred USMS volunteers from all over the country will be getting together in Orlando Florida, October 11-15, for five grueling days of meetings, discussions, debate, swimming and even some fun. This year, Doug Garcia and I will be going to convention as USMS Board and committee members and to represent the Inland Northwest. We will have the opportunity to be involved in the following discussions and votes: swimming and long distance swimming rule change proposals; the sites of the 2002 USMS National Championships; staffing of the national organization, including salary decisions; creation and administration of sponsorship for USMS and local programs (including swim clinics); national awards presentations; and the future direction and plan of work for

the organization. I have always found convention to be exhausting, exhilarating and inspiring!

Our organization is totally dependent on the work of volunteers, and we always need more help. Recently, Diana Leake resigned as our sanctions chairman and we are looking for someone to fill that position. In addition, we will be electing new officers in the spring. If you value all the benefits that you receive from being involved with masters swimming, I hope that you will consider giving back to the organization that makes it possible! Please contact me if you are interested in helping in any way.

Nutritional information for swimmers as compiled by Elin Zander

**FLUIDS** 

From a talk given by Jackie Berning PhD, RD

As a rule, swimmers don't drink enough fluids to stay adequately hydrated. Dehydration leads to fatigue, loss of coordination and poor heat regulation, therefore swimming performance will be compromised if you are dehydrated. If you feel thirsty, you are already dehydrated, so start drinking before you feel thirsty, and continue to drink after your thirst is quenched.

How can you tell if you are drinking enough? Check your weight before and after workout. For every pound of weight lost, drink 3 classes of water to replace (yes

that is 24 ounces to replace 16 ounces). Check the color of your urine. If it is the color of apple juice you're a "hurting unit." If

it is closer to the color of lemonade, you are headed in the right direction. Most athletes need at least 8-9 cups of fluids a day.

What to drink? Water works great. Two hours before your workout try to drink 2 cups, then take in 2 to 4 ounces every 15 to 20 minutes during the workout. During your workout, a sports drink can actually be better than water for maintaining hydration, especially if you prefer long and/or intense workouts. The sodium content and good taste of the sports drink promotes the drive to drink, causing you to drink more than if you were using water. For best results, stick to one with a carbohydrate (CHO) concentration of 6-8%. Anything more concentrated can actually make you more dehydrated, because the body will need to shunt fluids to the stomach to dilute the drink before the body can absorb it. So, more concentrated sports drinks, fruit juice and pop can be used for CHO and fluid replacement in between workouts, but should be avoided during exercise. Caffeinated beverages and alcohol act as diuretics, therefore you will need to drink extra caffeine-free fluids to replace what you lose with coffee and beer!
