## Training Goals for Life

BY BOB BRUCE OF OREGON MASTERS SWIMMING

ave you ever found it difficult to stay with your fitness program, even when you've been training for a while? Do you find it difficult to stay focused on staying in shape when life's distractions pull you away from the pool? I think we all do at some time or another. The trick to pursuing lifelong fitness through swimming involves learning a few tricks to help you get through the hard times, the times when motivation seems to desert you. Here are a few tips that I have learned to help me to stay with it:

1. Determine your ultimate lifetime goal and mission statement. After all, we can be masters swimmers for 75 or 80 years, and we need to take the long view

## CALENDAR OF EVENTS

CHEEL IDING OF EVENING			
February	February Fitness Challenge (entries due March 17)		
March 28	Deadline for entries Inland Northwest Champs Deadline for sending in Election Ballots and Award Nominations.		
April 7 & 8	Inland Northwest Championships, at Washington State Univer- sity in Pullman. Entry deadline March 28. <i>There</i> will be no deck entries.		
April 28 & 29	Northwest Zone Short Course Yards Champs at Parkrose in Portland. Entry form on page 10, deadline for entries is April 13		
May 11	Copy deadline for Summer Splashmaster		
July 22	Steve Omi Swim, entry in		

next Splashmaster

- now and then. This step clarifies your values, reminds you of the importance of the final result, and sometimes (by itself) helps to clear your mind of the distracting barriers that you seem to confront daily. When I state my personal goal—to break the national records in the 105-109 age group, or die trying—I usually get a laugh, but stating it also reminds me of the fundamental reasons why I participate.
- 2. Set some realistic short term goals that will help you to focus on the tasks currently facing you. Perhaps you would like to swim three times each week for the next month, or be specially well prepared for that meet in three weeks, or would like to improve one second per 100 on your favorite goal set. Goals like these refresh the daily challenge and displace the feeling of daily drudgery.
- 3. Keep training simple. Return to fundamentals. Sometimes we construct elaborate practice challenges that frustrate us (and occasionally hide the reason why we do them). There is nothing more fundamental for the dedicated fitness swimmer than good stroke technique and sound aerobic threshold swimming.
- 4. Get individual help. Ask a coach to help you review your goals, technique, and training plan, and stick with the suggestions. Our practice and technical habits often deteriorate without knowledgeable feedback, and we can back ourselves unknowingly into poor habits; when we discover the awful truth, the road back to good habits can seem miles too long. Often the change of focus from training to technique will refresh your outlook.
- 5. Learn from others. Coaches are excellent sources of wisdom, but coaches have no monopoly on good advice. Watching and listening to other swimmers

- can be engaging and fruitful. Look at skills that others perform well, and see if you can assimilate those skills into your own repertoire. Ask questions of others to determine their performance secrets. Stay curious and willing to change if you find a better way.
- 6. Find practice friends. Training alone is incredibly difficult: hats off to the tough and disciplined few who seem to manage training over a long time without swimming partners. If you are currently swimming by yourself, look for others who to share your passion for swimming. If you train with a team, find others who share your similar speed, endurance, and mental outlook; you may have to change practice lanes in order to find them. Training partners are gems—I could never stay with it without them.
- 7. Think positively. Our negative self-talk and fears are often our most fearsome opponent. Chase the dark doubts away and replace them with simple positive statements about things which are going right. Remove the subtle mental barriers that plague all of us. Focus on what feels good, not on what hurts.
- 8. Stay consistent. The truly accomplished fitness swimmer, the one who will remain actively engaged in the sport through motivational ups and downs, will consistently go to practice even in the face of huge distractions. The most difficult step away towards the pool is the one out the front door, and the most difficult step at the pool is the first plunge. Taking these first steps creates consistency, the ultimate key to lifetime fitness, even on days when the desire is not there. Get to the pool and get in.

Good luck and good swimming.

## **BOARD MEETING MINUTES**

February 21, 2001 • Post Falls, Idaho

**Present:** Elin Zander (IEY), Margaret Hair (LCM), Eric Ridgway (SWAC), Mike Brosnahan (SWAC), Doug Garcia (WSU), Brian Lamb (WSU), Tom Lamar (MCM), Scott Thompson (IEY).

*Treasurer's Report:* none submitted. **Registrar's Report:** registrations going well and a head of last year. One new team has registered Panhandle Masters in Coeur d'Alene (PMS).

Newsletter: Doug mentioned he had sent a letter to Jeannie Ensign to gain assistance in obtaining the non-profit status with the Pullman post office. He had not heard back from her. Elin said that she had received a request from Jeannie to grant power of attorney on our behalf. Elin had done so, and was forwarding the appropriate forms to Jeannie.

It was decided that Doug would not produce a Splashmaster until after the Wenatchee meet.

Discussion of a postcard survey was dropped once we discovered the cost of mailing the card both ways would be expensive. To obtain the information desired Doug agreed to formulate some questions and include them with the ballot and award nominations.

*Meets/Sanctions:* Wenatchee is scheduled for March 4, and Championships are scheduled for April 7 and 8 in Pullman. **Equipment:** new starting system seems to be working well. Comments were made about hearing the announcements and the general consensus was pool echo was part of the problem.

Coaching: no report.

Nominating Committee: Margaret, Doug and Eric reported they had secured nominations for chair (Susanne Simpson, SCM), vice chair (Brian Lamb, WSU), treasurer (Marie Glynn, WSU) and for secretary (Scott Thompson, IEY). Elin commented that Eric Ridgway has agreed to take over as sanctions chair, and that Suzanne Dills will take over as registrar as soon as she is able to find a replacement for her duties as registrar for Pacific Northwest Association. Margaret Hair has agreed to continue as Top Ten chair, and

Doug Garcia has agreed to continue as newsletter editor.

March 4, 2001 • Wenatchee, Washington

**Present:** Elin Zander (IEY), Margaret Hair (LCM), Mike Brosnahan (SWAC), Doug Garcia (WSU), Brian Lamb (WSU), Susanne Simpson (SCM), Larry Krauser (SCM)

*Treasurer's Report:* Marie submitted a report in writing, and we are doing fine financially. Clay Evans lost his reimbursement check, the board approved sending him a new one without the \$10 service charge subtracted.

**Registrar's Report:** we are above 200 registrations and expect more to come in. **Newsletter:** to fit everything into a 12-page newsletter, the board agreed to cut the USMS registration form from this issue. Elin commented that if people need Inland NW registration before zones, they need to do so before April 5, as she will be leaving the country for a few weeks.

*Meet/Sanctions:* Championships are set for Pullman on April 7 and 8. It was decided that High Point Male and Female would receive \$25 gift certificates for Kast Away, and Most Dedicated and Inspirational will receive \$40 certicficates.

Officials: Elin said that she would be trying to pull together a clinic for officials in the fall using materials from San Diego/ Imperial LMSC.

*Clinics:* Doug reported that he is working on getting Brian Stack of Manatee Masters to come up in the fall. We will be hosting with or without USMS seed money.

Coaching: Doug had no report. Elin suggested that we make contact with

see MINUTES on page 4

## View From the Chair

Since this is my last column as Inland Northwest Masters Swimming Committee Chair, I'd like to leave you with some profound thoughts. If I think of any, I will let you know.

I am excited by the talented and dedicated people you will find on your ballot for officers for the next two years. Included are three individuals who have never been involved in the administration of our LMSC before. Any organization will grow old and stale without the infusion of new ideas, energy and enthusiasm. I am counting on these folk to do just that. In addition, I hope that you will be encouraged to participate and to lend your ideas and energy as well. The more people we have involved, the more we can do and the better we can be.

I would like to thank the people who have made the last two years possible.

Margaret Hair has always been the gal that has kept the meets together. She has

## One Hour Postal Swim Results Published

This year marked a new record in the number of One Hour Postal Swim participants. Nearly 2000 swimmers from around the country including four swimmers from Inland NW Masters (WSU) as well as entries from Australia, Japan and Holland rounded out this year's participants.

The meet recorded eight new records in many different age categories. Most notable among the accomplishments were: two swimmers doing the entire hour Butterfly, two swimmers doing Backstroke, one doing all Breaststroke, and one swimmer in her 39th week of pregnancy (she delivered 5 days after the swim).

Inland NW Masters Swimmers
Cathy Murphy (44, WSU) 3725 yards
Marvel Kimbal (64, WSU) 2975 yards
Chris McKay (37, WSU) 3575 yards
Brian Lamb (49, WSU) 3475 yards

handled the data entry & results (with help from Danny and Zach Taylor), has taken care of the meet equipment, including the purchase of a new starting system, and

has handled the duties of Top Ten and records.

Doug Garcia has taken our newsletter and made it one of the best in the country. He has also been involved as our LMSC delegate to USMS and is now active on the USMS Coaches Committee.

Nancy Taylor has served as our secretary for several administrations, providing continuity for the Board and enhancing communication by providing minutes for publication in the Splashmaster.

Marie Glynn took over the monumental task of figuring out and cleaning up our financial situation. As a result of her efforts, we are in good financial shape and are staying up-to-date with our financial obligations.

I'd like to recognize all of those who make our swim meets possible, from the meet directors to the timers.

I would also like to acknowledge the coaches in our LMSC: it is because of their work in recruiting and retaining swimmers that our membership is growing by leaps and bounds. Thanks to all of you!

My hope is that all of us who benefit from masters swimming will take the time to thank the people that make it possible.

I'll see you in the pool!

Elin Zander, Chair Inland Northwest Masters Swimming

## Seven Swimmers Crack National Top Ten in Short Course Meters

Susanne Simpson (40-44, SCM) 400 Freestyle 2nd @ 4:51.28 800 Freestyle 1st @ 9:59.36 50 Butterfly 7th @ 32.37 100 Butterfly 3rd @ 1:11.56 200 Butterfly 1st @ 2:39.30

#### INLAND NORTHWEST MASTERS

## Swimmer Profile

NAME: Brian Lamb

AGE: 49 (aging up to 50 in May)

OCCUPATION: Professor of Civil & Environmental Engineering

SWIM CLUB: WSU Masters

YEARS SWIMMING MASTERS: 5 years

FAVORITE EVENT: Anything where my goggles don't fall off—Freestyle

FAVORITE FOOD: Mexican, I am not a picky eater.

FAVORITE MOVIE: Harold & Maude

FAVORITE BOOKS: Cold Mountain, and Einstein's Dreams

FAVORITE MUSIC: Country and pop

LITTLE KNOWN FACT: I once spent 4 weeks at the Deadhorse Hotel in Prudhoe Bay Alaska while doing research

AFTER A MEET 1: drink a beer

EDITORS NOTE: Brian is running for Inland NW Masters Vice President. In addition Masters Swimming, Brian also serves swimming as meet director as well as other positions with the Pullman Swim Club

Nutritional information for swimmers as compiled by Elin Zander, RD

## Nutrition Resolutions

It may be a little late for New Year's resolutions, but it is never too late to make some nutrition resolutions. Many of you have probably resolved in the past to lose some weight. Often that resolution doesn't actually result in an improved nutritional intake. If you are interested in improving your health and fitness, you might try one or more of the resolutions below this year.

- 1) Eat 5 or more servings of fruits and vegetables each day, to decrease your risk for heart disease & cancer and to boost immune function. To get all of your servings in, you might need to substitute fruit for some of your snack food. This would be a good thing.
- 2) Drink plenty of water each day. The recommendation is 8 cups. You may substitute decaffeinated coffee, tea and maybe pop for some of your water intake. If you drink caffeinated beverages, you have to drink more water to replace water lost through increased urination. If you remain well hydrated, you will feel and swim better, and decrease your risk for kidney stones.
- 3) Don't go to nutrition extremes. A well balanced diet, including all of the food groups, is important in order to get all of the nutrients for good health. This means not only avoiding fads such as the high protein diet, but also not going too far the other way and eliminating proteins and/or fats. Even vegetarians need to be

careful to plan their food intakes to get all the nutrients they need.

- 4) Watch portion sizes. We are a nation of supersized and gigantic everything. Any diet can be a weight gain diet if one doesn't pay attention to how much one is taking in. Eat slowly and stop eating when you are full.
- 5) Plan your meals and snacks to get maximum benefit from what you eat. If you work out in the evenings, make sure you eat something in the afternoon so that you have enough energy to work out hard. Try to eat something that is high in carbohydrates within 30-60 minutes after working out to maximize muscle glycogen replacement. If you work out early in the morning, see if you can't tolerate a snack (like a banana or half a bagel) right after getting out of bed. For almost all of us, spacing our intake out more evenly during the day will be better than saving up most of our calories for the evening hours.
- 6) Eat a variety of foods. It's easy to get stuck in a nutrition rut and miss out on some important nutrients. Try a new fruit or vegetable each week. Eat cereal for breakfast a couple times a week instead of the same old bagel. Try bulgar instead of rice, rice instead of pasta, rye bread instead of whole wheat. Stuck on chicken? Try fish or pork or even beef this week. We are fortunate to have such a huge selection of foods to chose from—take advantage!

If it is true that we are what we eat, then what kind of person do you want to be this year?

## MINUTES from page 2

coaches at the Spokane Masters and Tri to encourage them to participate in the clinic next fall.

Convention: Elin said that the Zone will be picking three small LMSC delegates and suggested that we apply for one of those positions. Doug said that he would apply this year. Elin also suggested that Susanne attend, and that she would be writing a letter to USMS President Nancy Ridout trying to obtain a delegate-at-large status for Susanne.

Other: Margaret noted that the Steve Omi swim will take place on July 22. It was discussed that the LMSC needs a web site, and that the new administration should tackle that task.

## WASHINGTON STATE UNIVERSITY MASTERS PRESENTS

## INLAND NORTHWEST MASTERS CHAMPIONSHIPS

SATURDAY & SUNDAY APRIL 7 & 8, 2001

**DATE/TIMES**: Saturday, April 7 warm-up starts at 11:00 am, meet starts at 12:00 noon. Second warm up will begin at 1:00, event 3 will not begin before 1:30 p.m. Sunday, April 8 warm-up starts at 8:00 am, event 17 will begin at 9:00 am.

SPONSOR: Washington State University Masters. Sanctioned by Inland Northwest Masters Swimming (IWMSC) for United States Masters Swimming Inc. (USMS) Sanction number 3510408.

**ELIGIBILITY**: All swimmers must be currently registered USMS swimmers. New registrations will be available at the meet.

**RULES**: All current USMS rules will apply. Certified stroke and turn judge will be present at all IWMSC sanctioned meets. Please consult the 2001 USMS Rulebook about proper stroke and turn rules. Events will be seeded slow to fast.

**DEADLINE**: All entires must be postmarked by March 28, 2001.

FEES: \$12.00, make checks payable to: IWMSC. Cash will not be accepted with entry forms or at the meet. No deck entries.

**CONDUCT OF THE MEET:** Each participant may swim six individual (no more than five in one day), and four relay events.

**RELAYS**: Submit relay cards to the clerk of course during the warm-ups. Individuals must be signed up with the club they represent to have their relay points count for that club.

AMADDC, Dibbone ..:11 L vailable free of charge

side of this form for other local lodging options.

SATURDAY EVENING DINNER: WSU Masters will host the annual awards dinner at St. Thomas More Catholic Newman Center. Directions will be provided at the meet check-in. The cost will be \$12/person.

LODGING: See below for lodging details.

DIRECTIONS: From Spokane, take Highway 195 south through Colfax to Pullman. Turn left at first stop light onto Grand Avenue, go north on Grand to Stadium Way, and turn right. Follow Stadium Way to Colorado Street and turn right. The WSU Athletic Complex will be on your left. From Moscow, Idaho, turn right onto Stadium Way to Colorado Street, and turn left. The WSU Athletic Complex will be on your left. *Gibb Pool* is in the Physical Education Building, next to the building with curved glass front. Do not park in the grey zone across from the pool, meters are ticketed on the weekends. Follow all parking signs. QUESTIONS: Contact Meet Director Doug Garcia at 509-332-1621 evenings before 9 pm please, or email douggarcia@usms.org.

## Bubbles are great for blowing, not for pulling

BY LINDA CONGER, SNAKE RIVER MASTERS SWIMMING

Get rid of those bubbles and you will go faster. The more bubbles you have coming off your hands as you swim the less efficient you stroke. Yes it is easier to pull your hand through the water but you don't get the leverage you need to get the most out of every stroke.

So how do you get rid of those nasty bubbles? During warm up or when doing skill drills is the perfect time to slow down and watch your stroke. Try not to breath every stroke so you can watch your hands enter the water and start your stroke.

If you have lots of bubbles, the first place to start correcting the problem is to look how your hand enters the water. More than likely you are entering the water flat and not at an angle. Remember in Freestyle your hand should enter the water at an angle, gently slipping your hand into the water. This will reduce the bubbles form the point of entry and could be all you need to do to improve you stroke efficiency.

If you need more bubble reduction, watch your hand as it pulls through the first part of your stroke. Play with the pitch of your hand to release more bubbles. Remember you want to pull and move water and not air, and bubbles represent air.

Any time you change your stroke it should feel a bit strange as you are retraining your muscle memory, so give your body some time to adjust to any changes.
